Objective of the journal: The Comptes rendus Biologies are open to all scientists, whatever their title or nationality. An article published in the Comptes rendus is the first report of an important discovery or a significant result. It benefits from a fast publication schedule once it has been definitively accepted, which makes it possible to establish priority.

Editorial director: Jean-François Bach.
Associate editors: Michel Thellier, Philippe Morat.
Scientific secretary: Henri Wajcman.

Indexation:
