Available online 27 September 2014

At the time when our article was finalized and accepted, we had only provisional accession numbers for the COI and Plagl2 of the specimens under study at our disposal. The reader will find hereafter new versions of Tables 1 and 5 including definitive GenBank accession numbers.

Table 1
Sampling sites and GenBank accession numbers for COI and Plagl2 sequences of the French individuals.

Drainage	Location	Sample ID	GenBank accession numbers		
			COI	Plagl2	
Adour	Adour at Estirac	BRO462	KM224857	KM224797	
	Estampon at Saint-Gor	BRO531	KM224871	KM224810
