

COMPTES RENDUS PHYSIQUE

Tome 9 (2008) – N° 5–6

Three-dimensional image of the intensity fluctuations in the magnetic satellite for coherent soft x-ray resonant magnetic scattering at the Co L_3 edge from a Co/Pt magnetic nanoline structure (courtesy of Guillaume Beutier and Gerrit van der Laan).

Image tridimensionnelle des fluctuations d'intensité du satellite magnétique pour la diffusion résonante magnétique cohérente des rayons X mous au seuil L_3 du cobalt dans une nanopiste magnétique Co/Pt (avec l'aimable autorisation de Guillaume Beutier et Gerrit van der Laan).

DOSSIER

Synchrotron x-rays and condensed matter / *Rayonnement X synchrotron et matière condensée*

Guest editor / Rédacteur en chef invité : Michel Belakhovsky
