

COMPTES RENDUS PHYSIQUE

Tome 11 (2010) – N° 5-6

Scanning Electron Microscope images of structured carbon nanotubes or nanotubes grown as a carpet.
Insert: Opto-electronic devices based on carbon nanotubes (ONERA/DOTA and CNRS/LPN).
The image on the right is published with permission from RDDC Valcartier

*Vues au microscope électronique à balayage de nanotubes de carbone structurés en film ou en tapis.
En insert : dispositifs opto-électroniques à base de nanotubes de carbone (ONERA/DOTA et CNRS/LPN).
